MYSTERY SCHOOL JOURNEY TO TEOTIHUACAN

In the time of the Teotihuacanos and the Toltecs, the mystics realized that the seat of our true power as human beings was in our Heart. From our center as human beings we are always connected to the Great Mystery, the spirit that is life.

Join us for these days of walking through the levels of awareness and consciousness as we come home to the wisdom and awareness of our Heart as the center of our life's creativity.

We are the Light that gives Life to our form. We are the eternal experiencing life as Human beings and it can be such an amazing awakening for each of us.
